▲ Social Responsibility

En Since establishing itself in Foshan in 2006, George has always focused on "design and quality" and driven by "materials and process research and development," deeply cultivating the field of mid-to-high-end one-stop interior decoration solutions. From original design and engineering construction to material procurement, whole-house customization and after-sales service, we are committed to creating high-quality living spaces for our clients and integrating corporate social responsibility into every aspect of our development.

Es Desde su establecimiento en Foshan en 2006, George se ha centrado en el diseño y la calidad, impulsada por la investigación y el desarrollo de materiales y procesos, consolidando su posición como referente en soluciones integrales de decoración de interiores para el segmento medio-alto. Desde el diseño original y la ingeniería constructiva hasta la adquisición de materiales, la personalización completa de viviendas y el servicio posventa, nos comprometemos a crear espacios habitables de alta calidad para nuestros clientes e integrar la responsabilidad social corporativa en cada aspecto de nuestro desarrollo.

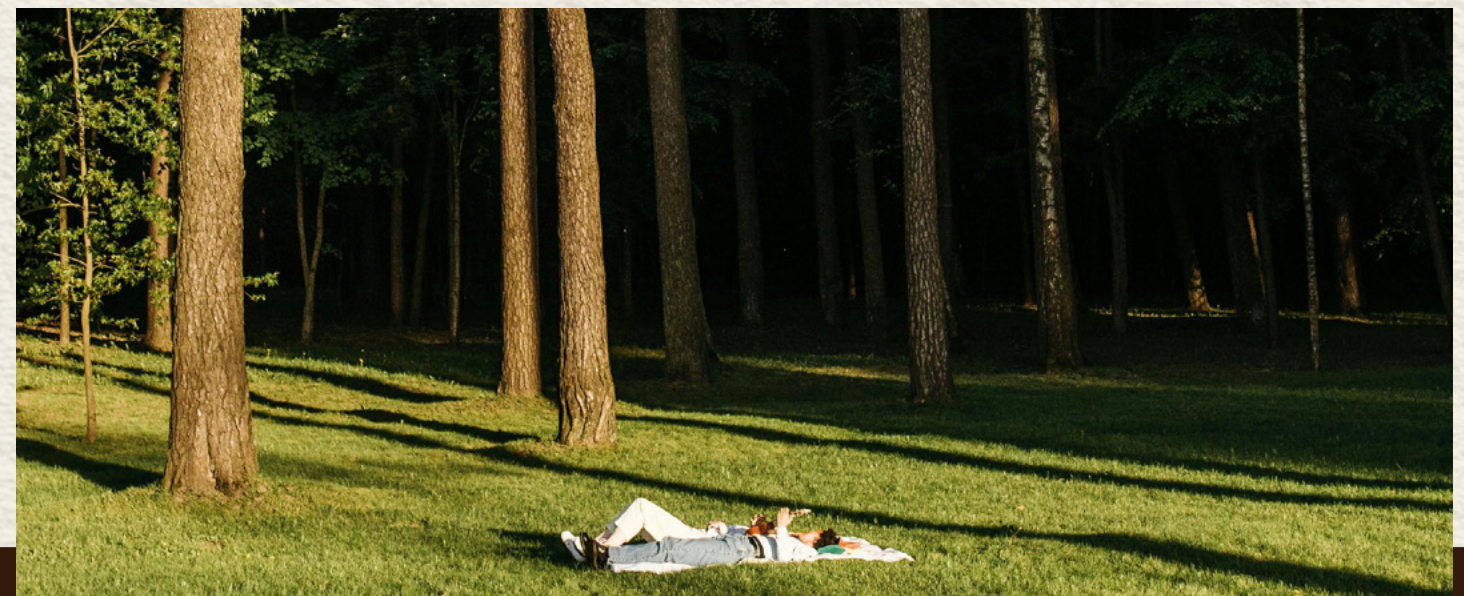

Fr Depuis son implantation à Foshan en 2006, George s'est toujours concentré sur le design et la qualité, et s'est appuyé sur la recherche et le développement de matériaux et de procédés, développant ainsi une expertise pointue dans le domaine des solutions d'aménagement intérieur haut de gamme. De la conception initiale à la construction, en passant par l'approvisionnement en matériaux, la personnalisation complète de l'habitation et le service après-vente, nous nous engageons à créer des espaces de vie de haute qualité pour nos clients et à intégrer la responsabilité sociétale des entreprises à tous les niveaux de notre développement.

▲ Commitment To The Environment

En George consistently integrates environmental protection principles throughout the entire process of ceramic tile application, putting sustainable development into practice. By incorporating green design into tile combinations and employing scientific planning and the application of light-colored, high-reflectivity tiles, they create low-energy, healthy spaces, ensuring the quality of decoration while protecting our ecological environment.

Es George integra sistemáticamente los principios de protección ambiental en todo el proceso de colocación de azulejos cerámicos, poniendo en práctica el desarrollo sostenible. Al incorporar el diseño ecológico en las combinaciones de azulejos y emplear una planificación científica y la aplicación de azulejos claros de alta reflectancia, crean espacios saludables y de bajo consumo energético, garantizando la calidad de la decoración a la vez que protegen nuestro medio ambiente.

Fr George intègre systématiquement les principes de protection de l'environnement à l'ensemble du processus de pose des carreaux de céramique, mettant ainsi en pratique le développement durable. En intégrant une conception écologique dans les combinaisons de carreaux et en employant une planification scientifique et l'utilisation de carreaux clairs à haute réflectivité, l'entreprise crée des espaces sains et économes en énergie, garantissant une décoration de qualité tout en préservant notre environnement.

TIME-HONORED PATINA

IT ECHOES THE SOFT TEXTURE OF CLOUDS DRIFTING
OVER GENTLE HILLS, CAPTURING THE DELICACY
AND WARMTH OF NATURE'S QUIET MOMENTS.
EVERY TOUCH OF ITS SURFACE CARRIES THE GENTLE
WHISPER OF MILD BEAUTY.
